OVERVIEW

This unit standard provides a broad introduction to HIV/AIDS in the workplace. It introduces knowledge about HIV/AIDS that will enable learners to be informed and caring workers in an industry and manages to develop appropriate policies to deal with the pandemic. The focus is knowledge, skills, values and attitudes in relation to the learner and management with a view to creating a caring environment in the workplace and the community.

CREDITED LEARNERS ARE CAPABLE OF

- Explaining HIV/AIDS.
- Describing what behaviour is safe and what behaviour carries the risk of HIV/AIDS transmission.
- Interpreting data and trends on HIV/AIDS in order to explain the potential impact on a community, an organisation and a business sector.
- Investigating the guidelines and assistance that are available to support workers affected by HIV/AIDS.
- Explaining the implications of the HIV/AIDS pandemic for the community, the economy, an organisation and a specific workplace.

THE TYPICAL SCOPE OF THIS UNIT STANDARD INCLUDES

- The effect of HIV/AIDS on the individual, the workplace and society.
- The effect of the HIV/AIDS pandemic on the economy, society, an organisation and a specific workplace.
- Transmission by bodily fluids and mother to child transmission.
